

International Summer School 2026 **Zagreb, Croatia**

Term 1
June 29 – July 12, 2026

Term 2
July 13 – July 26, 2026

Term 3
July 27 – August 9, 2026

Zagreb School of Economics and Management

The Zagreb School of Economics and Management is Croatia's first AACSB-accredited business school. For many years, ZSEM has been educating Croatia's future economic and business experts and has become a center for thought and discussion on contemporary economic and business issues in Croatia and the wider CE region. With more than 1,000 students and 3000 alumni, ZSEM's community is continuously growing. Every major corporation and institution in Croatia has employed ZSEM graduates, while our alums have also made their mark on society by becoming entrepreneurs and researchers.

ZSEM is renowned for its international outlook and global connectivity. With more than 160 partner universities worldwide, ZSEM offers students unparalleled opportunities to gain international experience. This commitment to internationalization is reflected in the diverse community on campus. Each year, ZSEM welcomes an increasing number of international exchange students worldwide, enriching the academic environment with cultural diversity and global perspectives. In addition, ZSEM's highly regarded International Summer School attracts students from across the globe who come to Croatia to learn from top professors, experience local culture, and expand their global network.

In 2013, ZSEM earned AACSB accreditation, cementing its reputation for excellence. This status was reaffirmed through reaccreditations in 2019 and 2024, reflecting ZSEM's commitment to upholding the highest global standards in business education. Further advancing its standing, ZSEM is a member of the EUonAIR alliance, participating in the European University Alliance initiative, a flagship project of the European Commission. This prestigious alliance strengthens ZSEM's international collaborations and its role in shaping the future of European higher education.

International Summer School

[Click for more info](#)

The ZSEM International Summer School welcomes students from around the globe to spend 2, 4, or 6 weeks experiencing academic excellence in the stunning setting of Croatia. This program offers a unique opportunity to combine world-class education with cultural exploration and personal growth.

The Summer School features a diverse selection of bachelor's and master's courses, all taught in English by renowned lecturers and researchers. Whether you're deepening your expertise in business, economics, or other fields, our curriculum is designed to challenge and inspire.

To make the program even more accessible, exciting scholarship opportunities are available each term.

Beyond the classroom, the Summer School offers a range of educational and fun field trips that allow participants to explore Croatia's natural beauty, rich history, and vibrant culture. As part of the program, students can also enroll in a free elective course, Croatian Studies, to gain a deeper understanding of the country's heritage and traditions.

The experience is enriched by the ZSEM Summer Buddy Program, where local students and volunteers help international participants connect, build friendships, and enjoy a dynamic social calendar. From cultural tours to networking events, the Summer Buddy Program ensures that students feel welcomed and immersed in their new environment.

Join us for an unforgettable summer of learning, adventure, and cultural exchange at ZSEM, and take home knowledge, memories, and friendships that will last a lifetime.

Other informations

We recommend renting an apartment through our partner housing agencies:

www.homeinzagreb.com

www.grabahome.com

Students are also free to find their own accommodation through other agencies and apply for the students' dormitory through ZSEM.

All students are required to have health and travel insurance from their home country prior to their arrival in Croatia. This type of insurance has to be valid in case any health services will need to be used while staying in Croatia.

Any questions and support students may require prior to arrival and during their stay can be directed to the Program Coordinator.

Refund policy

- For cancellations before April 27th, a full refund will be issued minus 10% administrative fees.
- For cancellations after April 27th, a partial refund will be issued in the amount of 50% of the tuition fee.
- For cancellations after June 1st, no refund will be issued.
- ZSEM reserves the right to cancel a course in case there are not enough applicants. In this case ZSEM will offer another option or refund the fees.

About Croatia

With a long and beautiful coastline flanked by more than a thousand islands, Croatia is a true Mediterranean gem. When speaking about the beautiful country of Croatia startups may not be the first thing that springs to mind. Indeed, the country is most popular as a tourist destination, but Croatia's entrepreneurs haven't been quiet: Unicorns like the leading global communication platform, Infobip, and the future of mobility, Rimac - Buggati are significant local hero businesses now, and the region can boast of high-quality talent in the tech, automotive, manufacturing, and agtech spaces. Meet people from these industries, learn from the leaders of this vibrant tech ecosystem and get to know Croatia.

Company Visits – Networking with Leading Businesses

In addition to the academic and cultural experiences, ZSEM Summer School students will have the unique opportunity to visit some of Croatia's top companies, as well as leading international enterprises. These visits are designed to provide students with firsthand insight into the business world, helping them foster valuable connections and gain a deeper understanding of industry trends. The company visits will give students a chance to network with industry leaders and explore various sectors, including technology, telecommunications, and manufacturing.

Students will have the opportunity to tour innovative companies such as **Rimac Automobili**, renowned for its cutting-edge electric hypercars and advancements in automotive technology, and **Infobip**, a global leader in communication technology and messaging platforms. They will also visit **A1 Croatia**, a major player in mobile and internet services, and **Franck Coffee**, one of Croatia's leading coffee producers with a long history of excellence. In addition to Croatia's local companies, students may also have the chance to explore **foreign multinational companies**.

These visits will complement the academic courses and provide students with valuable real-world insights. Students will not only learn about the latest industry innovations but also have the chance to engage with professionals in these leading companies, connecting theory with practice in a dynamic and meaningful way.
