Erasmus+ Mobility Grants

- Availability of Mobility Grant based on ranking within the faculty/school, according to the budget allocated to OzU by the Turkish National Agency. It will be allocated for the whole study duration of the selected participant.
 - It is planned to allocate the Erasmus+ grant (mobility & travel) to 1 student placed to Kosovo under the scope of the 2025 Erasmus+ ICM project (2025-1-TR01-KA171-HED-000343009). The eligible student will also receive financial support for the 2 travel days before and after the mobility.
 - While the selected student will be awarded with the Erasmus+ Grant, it is also possible to participate in the program as a 'zero grant' student if requested.
- Please note that these are subject to change and based on the number of eligible applications.
- *Erasmus+ grants support the participants partially and are not intended to cover all expenses.*

Travel Support and Green Travel

- Students who receive the Mobility Grant will also receive travel support in order to contribute to the travel expenses.
- Grant for travel support can be allocated according to the distance from the host institution's city and to granted students. Kosovo	309 €	417 €

- The kilometer shown in the distance band calculator is the round-trip figure for the grant in the table below, and the amount in question is not multiplied by two. As a general rule, participants are expected to travel with low-emission transportation vehicles for distances under 500 km.
- Students who receive travel support are able to receive more grants if their trip is applicable for “green travel”. Green travel is defined as travel that uses low-emissions modes of transport for the main part of the travel, such as bus, train, or car-pooling. In the case of only one direction of travel for the exchange term, the student cannot benefit from the green travel support. Electric car use is not considered green travel unless shared with another participant. All green travel support requests will be evaluated individually, and support can only be provided after the approval of the Turkish National Agency.
