

Global Exchange Program
Important Notes on the Language Proficiency Documents

7) Language Proficiency Requirements and Accepted Exams

- The minimum required test score of each partner university is determined based on:
 - Özyeğin University's English Proficiency Requirements (listed under the Nationally-Internationally Recognized Exams (Equivalency Approved by the Senate) section),
 - the **Global Exchange Program rules** of the application call you applied,
 - the **minimum language proficiency requirements** of the partner university to which you have been placed.
- As you will be obtaining a language proficiency certificate for an academic program, we recommend selecting the **“Academic”** version of the test whenever a choice is available.
- Some partner institutions may specify minimum score requirements not only for the overall score but also for individual **test sections**. We strongly recommend reviewing these requirements carefully via the info sheet provided in the announcement of the application call you applied.
- Exams that are **not listed in the Info Sheet** of the partner university you have been placed and the English Proficiency Requirements **commonly, cannot** be considered for your evaluation for Global Exchange.<

8) Exam Registration and Test Center Requirements

- You are required to take the language proficiency exam **administrated physically and in buildings belonging to state universities**, if the exam is administered in Türkiye. If you have not yet completed your registration, please take this requirement into consideration.
- **All scores must be officially verified by Ozyegin University.** For this purpose, if the registration process for the relevant exam includes a procedure that allows your scores to be sent directly to our university and get verified, we kindly ask you to learn about and follow that procedure.
 - For **TOEFL iBT**, Özyeğin University's institutional code (**5991**) through the **“Send Scores to Institutions”** option must be entered during registration.
 - If you have already taken the test and did not specify our institutional code during registration, please visit the test provider's website to learn how you can send your TOEFL scores to Özyeğin University after the test.
- Please inform our office at the earliest if, for any reason;
 - you are unable to register for an exam session held at a public university test center,
 - you have registered for an exam at a non-public-university building before the announcement date of the application period you are applying.

Global Exchange Program Important Notes on the Language Proficiency Documents

- Virtual exams such as the **TOEFL iBT Home Edition** and **Online PTE Academic** are **not accepted**. You must physically attend the exam at an authorized test center according to the criteria above.
- **TOEFL MyBestScores** are **not accepted**. Only the score obtained from the actual test session you attended will be considered. Scores combined from previous test administrations cannot be evaluated within this framework.
- The **TOEFL iBT** is currently undergoing a score scale transition. Therefore, if you take the exam, your score report will include both your **0–120 score** and the new **1–6 score**. Your application will be evaluated based on the **0–120 score**.

9) Updates.to.Requirements.and.Regulations

- Should any updates concerning accepted proficiency certificates be made to the **English Proficiency Requirements** or the **Global Exchange Program regulations**, the information provided here will be revised accordingly and all students will be informed.
- If you have any questions regarding exam registration procedures, please feel free to contact our office before registering for your test via international.relations@ozu.edu.tr.
- All students applying to the Global Exchange Program are subject to the requirements and procedures outlined above. Özyeğin University reserves the right to revise, update, or amend these requirements and procedures in accordance with any changes in relevant university regulations, institutional policies, or partner university requirements. Any such changes will be communicated to students through the relevant university offices and units, as appropriate.
